OUR PROMISE TO YOU.

Poly Vinyl Creations services the specialty outdoor market with innovative and high quality solutions for homeowners, architects and builders alike in their needs for safety, security and the aesthetic beauty of their outdoor spaces.

“FROM SIMPLY A PICTURE TO FULFILLING

Vinyl fence originated in the early 1980's and our founders, Robert and Ellen Burton, were one of the pioneers in the industry offering vinyl fence with their original company, Burton Fence, Inc. In the mid-1980's a vinyl sales representative showed the Burtons pictures of vinyl fence and they fell in love. They purchased samples for their facility in South St. Petersburg and immediately required their sales staff to always show vinyl fence on estimates. Everyone told them... “Nobody wants a plastic fence!” but they didn't listen. They knew this environmentally friendly and green product that required little maintenance and was easy to clean with a pressure washer

would make the lives of homeowners' just a little bit easier! However, back in the mid-1980's customization and the variety of colors options were not as available as they are today. After developing the vinyl fencing market in West Central Florida, in 1996, Mr. & Mrs. Burton founded Poly Vinyl Creations, Inc. While Burton Fence was a retail fence contractor who installed fence, Poly Vinyl Creations was formed to offer the

ability of custom fabrication to end users through working with licensed trade contractors. Through working with the trade, Poly Vinyl Creations was able to mix its experience in the installation world with the intricacies required for time-tested quality fabrication.

FEATURED LEFT: CEO - JESSICA BURTON, FEATURED RIGHT: FOUNDER - ROBERT BURTON

OUR CUSTOMERS' DREAMS..."

Creating value with high quality products and a dedication to understanding the needs and wants of our customers has always been part of the philosophy at Poly Vinyl Creations. Our company continues to set the standard in the industry for manufacturing and distribution of specialty outdoor products. "As one of the original innovators in the marketplace, we are often duplicated but never replicated" is what our current owner, Jessica Burton, says. While raised within the industry, Mr. & Mrs. Burton's daughter, Jessica, joined the company in 2001 becoming dedicated to her family's business. After working directly with manufacturing and production, customer service, sales and marketing, as well as accounting, Jessica learned all aspects of the business. Ms. Burton spent over 15 years developing relationships with customers, employees and vendors alike assisting with the vast growth of the organization. In the fall of 2018, Jessica Burton became president of this now multi-generational company with the goal to continue her family's legacy as well as to reach new heights through customization, addressing customer needs and offering high quality products and services. With a background in sales and marketing, Ms. Burton plans to maintain the grassroots efforts of her parents and continue to expand the company for its customers and employees.

STYLE OVERVIEW

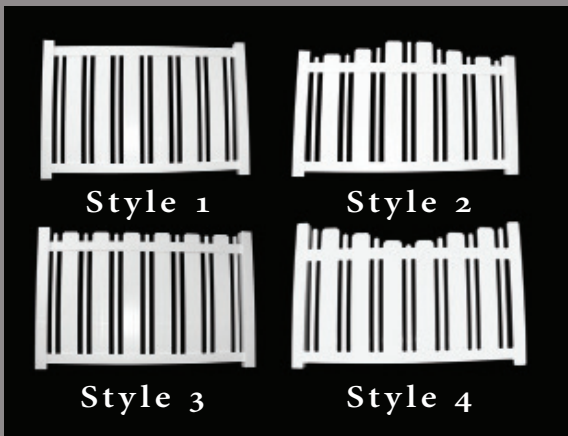

Providing a variety of styles to choose from reaches the core of the Poly Vinyl Creations philosophy. With a diverse assortment of names utilizing different picket sizes and spacing, we are here to offer the largest array of designs on the market today. Don't see what you are looking for in these pages? That's OK! Check out www.pvcbrochures.com for more options or work with our design team to develop your own custom style! We are not limited to what you see on these pages! Want to mix and match pickets, spacing, or colors? Then we are here to make your dreams come true! Also remember we can make accents to your privacy fence in any picket or custom design as well!

Value-added services with Poly Vinyl Creations include our standard specifications but more importantly we give you the ability to choose between standard and custom products. Do you have special needs with your application such as grade changes, meeting pool or other codes, or any other applications? Through working with our network of licensed trade contractors, together we can insure you a quality product and installation so that you can focus on enjoying your newly landscaped property! Depending on time of year and color trends, color availability may be adjusted. We are constantly adding new styles and colors so check out our website or with your local trade contractor for lead times and availability!

PRIVACY

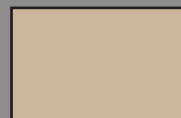

Capture the beauty of your yard with any one of our Privacy Collections. Privacy has the largest variety of color options to choose from and even different Tongue & Groove (T&G) pickets. T&G is offered in a 6" look (with both a 6" T&G Picket and a Wideboard option with the 6" look) as well as an 11.3" T&G Picket that gives the appearance of 4" pickets. Your color choice will likely determine the look of your T&G product, however, colors like white and tan are available in all designs. Find solid privacy fence boring? Well, at Poly Vinyl Creations, we do not like our customers to be bored so feel free to mix colors or add accents from lattice to picket to anything you can dream of! We want to ensure our customers needs and desires are not only just met, but also exceeded!

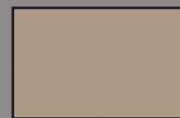

NOT ALL STYLES AVAILABLE IN ALL COLORS! PLEASE CHECK OUR WEBSITE OR CONTACT YOUR LOCAL OFFICE TO VERIFY COLOR OPTIONS PER STYLE. WE RECOMMEND YOU REQUEST SAMPLE PIECES OR SAMPLES OF COLORS. DIGITAL COLORS ARE NEVER REFLECTIVE OF THE TRUE COLOR.

MOLDED PRIVACY

ALLEGHENY

Picturesque, That's the only word to describe our Allegheny fence design! Allegheny is a unique product to the fence industry as it is a rotationally molded fence product giving the look of realistic stone in a high-impact and extremely durable design. Designed to repel a 90-mile per hour baseball, Allegheny is one of the best products for high-wind zone areas and will definitely withstand the test of time!

SEMI-PRIVACY

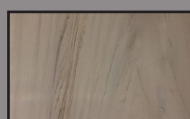

Creativity is essential for Semi-Privacy designs as with this application you either want limited sight or a degree of privacy that allows for airflow. With both vertical and horizontal options available, Semi-Privacy fence utilizes either pickets with less than 1" spacing or the pickets overlap to allow airflow and view from an angle but privacy straight on. Semi-Privacy projects generally are in high wind zone areas or other projects that require a degree of ventilation. Common around pools as it limits the climb-ability of the fence, these designs also provide a degree of privacy for those enjoying their time in the sun!

Possibilities are truly endless with our vast array of Picket Fence designs. To make it easy, any picket size or picket spacing option follows one of 4 basic styles : #1 Flush Top, #2 Convex, #3 Through Picket, and #4 Concave. While these are more of our standard models, you can incorporate bends and unique architecture like staggered pickets or mixing up the styles to add your own personal touch. Don't forget, any picket design can be incorporated as an accent to your Privacy or Semi-Privacy fence.

RANCH RAIL

DIAMOND RAIL

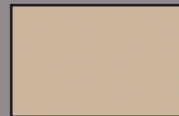

Classic designs like ranch rail are always timeless. Typical 2, 3 and 4 rail designs are standard for many horse farms and communities, but there is a trend in crossbuck and diamond rail for those wanting a more unique application. Accentuate your Ranch Rail fence with various color caps or even our real horse head cap that looks like the head of a horse. Want a closer look to wood or even black? No problem! Ranch Rail comes in a wide variety of colors and textures.

Variety is one word used to describe our wide selection of hardware. With both Polymer and Stainless Steel choices, we have solutions no matter what your application. Latches are offered in non-locking and locking options - with a padlock or even with a key you can have matched to your front door (requires locksmith)! Hinges can be self-closing or non-self-closing as well as provide options for adjustability. As we cannot possibly showcase our entire collection, please visit www.pvcbrochures.com for additional products.

LATCHES

LOKK LATCH MAGNETIC

- Operates & locks from both sides of the gate
- Reliable patented magnetic latching action
- Unique Push/Pull action
- Dual 6-pin re-keyable locks

LOKK LATCH® PLUS

- Contemporary, stylish design
- Key lockable - no need for padlock
- Vertically & horizontally adjustable
- Will not rust, bind or stain
- Super-strong polymer construction
- Convenient, over-molded keys

SINGLE LOKK LATCH

- Strong & 100% rust proof
- No need for padlocks
- Fits all gate materials
- Quick & easy install
- One-sided latch - used on shorter gates

MAGNA LATCH (STANDARD AND ALERT)

- Magnetically triggered (no jamming or sticking)
- Key Lockable with rekeyable lock for extra security & convenience
- Magnetic latching always engages, can't jam
- Trusted to protect toddlers for over 25 years
- Meets all pool barrier codes
- NEW Visual unlatched alarm (Alert)
- NEW Audible unlatched alarm (Alert)
- At-a-glance Lock Indicator (Alert)

STAINLESS STEEL POST LATCH

- Pad-Lockable (Padlock not included)
- Durable stainless steel construction
- Self-Latching
- Marine grade powder coat finish

MAMMOTH HINGES

- Hydraulic 180 degree gate closer and double bearing hinge in one
- Opens smoothly and closes consistently
- Unaffected by outside temperatures
- Force, closing speed and final snap are all individually adjustable

TRUCLOSE HEAVY DUTY - STANDARD

- Convenient, reliable performance
- Quick, self-closing adjustment
- Smooth, even closure
- Upgrade to Multi-Adjustable Hinge
- Weather-resistant, "self-lubricating" materials
- Internal stainless steel spring closer

STAINLESS STEEL HINGE

- Durable stainless steel construction
- Both Self-Closing and Non-self-closing options available
- Marine grade powder coat finish
- Enclosed spring with tension adjustment (Self-Closing)
- Horizontally adjustable
- Common use for non-self-closing hinges is double drive gates

GATE STOP

- Keeps gate aligned
- Protects against gate-slam noise & damage
- Strong & 100% rust proof
- Rubber buffer insert
- Ensures soft, quiet closure and prevents gate damage

SURE-CLOSE & SEALED BEARING HINGES

- Easily accessed, adjustable closing and latching speed valves (Sure Close)
- Secure, safe and quiet operation with no visible moving parts (Sure Close)
- High-temperature sealed-bearing hinges
- No need for grease or maintenance
- Ability to function of heavy gates

Q-BOLT & STANDARD DROP RODS

- Padlockable security (Padlock not included)
- Durable stainless steel construction
- Different designs for preference
- 2 sizes available (24" and 42"-48" long)
- High wear and corrosion resistant

GATE HANDLE

- Convenient gate opening & closing
- Fits all gates, left and right gate openings
- Simple & stylish
- Strong & 100% rust proof

GARDEN PRODUCTS

Creativeness is one of the words that we use to describe our Garden Creations. With the ability to mix and match aspects of various designs, we offer customizable garden products to meet your every desire! With standard out of the box designs, a full array of arbors, pergolas, and trellis, we will have you googling for even more creative ideas!

Have you heard of QuikSet, an alternative to concrete? Unlike traditional concrete, QuikSet expands in the ground in order to hold your posts tight and secure. The holes for the posts used in a QuikSet application are only 1" - 2" larger than the post, thus reducing the stress to your yard or landscaping.

OUTDOOR PRODUCTS

Proven to withstand the test of time, our outdoor products are designed to be beautiful as well as durable. Larger designs incorporate metal reinforcement to provide you with a secure and stable product. Customize your backyard or accentuate your gate with our garden creations. With our outdoor products, we can make your family's backyard a true oasis.

MAINTENANCE & INFORMATION

TO CLEAN A SOILED SPOT FROM YOUR VINYL PRODUCT, PLEASE REFER TO THE LIST OF COMMON MARKS & CLEANING SOLUTIONS FOUND ON YOUR OUTDOOR VINYL PRODUCTS BELOW:

STAINS	CLEANING AGENT	PREPARATION	SPECIAL CLEANING PROCEDURES
MOLD & MILDEW	NORMAL CLEANING: Use 1 cup of Simple Green combined with 1 gallon of water (For HEAVY Cleaning use equal parts of both).	Mix the appropriate solution for your cleaning needs. For stubborn stains, use a pressure washer.	Apply with a soft cloth. Use only a little pressure for "normal cleaning". You may have to use slightly more pressure for "heavy" stains.
ASPHALT, CRAYON, GREASES, OILS, TARS, WAX AND MISC..	SOLVENT: Mineral Spirits, VMP, or Napthea Auto Tar Remover, or similar products.	Use a plastic or wood scraper to remove excess. If it has been on the fence for a period of time, more pressure may be required.	Apply mineral spirits with a soft cloth. Use a little pressure to polish stained areas. Rinse with water after stain is removed.
GUM, LIPSTICK, MARKING INKS, NAIL POLISH, AND MISC.	Trichloroethylene Cleaning Fluid or similar products.	Use a plastic or wood scraper to remove excess. Gum needs to be chilled for removal.	Apply trichloroethylene cleaning fluid with a soft cloth. Use a little pressure to polish stained areas. Rinse with water after stain is removed.
STUBBORN STAINS	Xylene-laquer Thinner or similar products.	Use this method ONLY if the above methods have failed.	Moisten a small section with the thinner and rub vigorously.
RUST	CLR, Vinegar, Rustaid or similar products.	None. For stubborn stains, a pressure washer may be required.	Apply with a soft cloth. Use only a little pressure for "normal cleaning". You may have to use slightly more pressure for "heavy" stains.

DISCLAIMER: THESE PROCEDURES ARE NOT GUARANTEED TO REMOVE STAINS. IF UNSURE OF PROPER PROCEDURES, PLEASE FOLLOW MANUFACTURERS' INSTRUCTIONS.
